Pro Deal Guide

Basic Information and Guidelines

Companies use professional courtesy programs, such as “Pro Deals,” to increase the visibility of their product lines. You get a deal and the company gets to show off.

- Pro Deals are specifically for the benefit of the outdoor professional. Family, friends, etc. are not eligible for pro deals (unless specifically noted by manufacturer). Ordering items for other people sacrifices the relationship with the manufacturer for the entire company.
- Pro Deal orders can only be made while you are currently working with Camp Ho Mita Koda.

Ordering products using pro deals is very different from retail shopping. Many companies have limits on return policies (or none at all) & limit the quantities one can purchase yearly.

All Staff

Many of these Pro Deal relationships are maintained independent of Camp Ho Mita Koda, but if company requests ACA or employment verification, have them contact ian@camphomitakoda.org
